

EcoProcura 2014

24th - 26th September 2014, Ghent, Belgium

ICLEI and the City of Ghent, Belgium, are pleased to announce the EcoProcura 2014 conference. The EcoProcura conference series provides a dynamic and unique setting for exchange and equips participants with essential information on implementing sustainable public procurement and procurement of innovation.

Key themes for the 2014 conference include:

- Cost-efficient use of public money through procurement
- Developing integrated sustainable public procurement strategies across the organisation
- Implementing the new European Public Procurement Directives
- How public procurement can stimulate innovation

An interactive conference programme will ensure that ideas, experiences, guidelines and opinions are shared throughout. The conference will offer plenty of opportunities for good practice exchange, dialogues between business and the public sector and finding out about the latest initiatives and projects. There will also be a 'meet the buyers' event and several short training sessions.
