

Innovation-oriented public procurement in North Rhine-Westphalia

29 September 2014, Mülheim an der Ruhr, Germany

An event exploring pre-commercial procurement (PCP) and public procurement of innovative products and services (PPI) in the framework of the EU's Horizon 2020 programme will take place in Mülheim an der Ruhr (Germany) from 10.00 - 14.30 on 29 September 2014.

The discussion will be followed by an experience report on an EU PCP project carried out in the field of telemedicine, the first of its kind in North Rhine-Westphalia.

A workshop will be held in the afternoon, which will identify common requirements for the purchase or development of innovative solutions.

Those interested can register online until 24 September at the link below. Participation is free of charge, and the conference language is German.
